The following describes the ways we may use and disclose health information that identifies you. Except for the purposes described below, we will use and disclose PHI only with your written permission. You may revoke such permission at any time by writing to our practice Privacy Officer, Misti Nielsen, MA, LMFT Associate.

Consenting to treatment authorizes the following disclosures:

Before we use or disclose Health Information for research, the project will go through a special approval process. Even without special approval, we may permit researchers to look at records to help them identify patients who may be included in their research project or for other similar purposes, as long as they do not remove or take a copy of any Health Information.

Special Situations Where Use and Disclosure Do Not Require Your Consent:

Emergencies. Your consent is not required if you need emergency treatment provided that we attempt to get your consent after treatment is rendered. In the event that we try to get your consent but you are unable to communicate with us (for example, if you are unconscious or in severe pain) but we think that you would consent to such treatment if you could, we may disclose your Health Information.

As Required by Law. We will disclose Health Information when required to do so by international, federal, state or local law. This includes mandatory reporting when we see evidence of, are told about, or suspect abuse, neglect, or endangerment of children, elderly, or disabled persons. Disclosures, however, will be made only to someone who may be able to help prevent the threat.

Business Associates. We may disclose Health Information to our business associates that perform functions on our behalf or provide us with services if the information is necessary for such functions or services. All of our business associates are obligated to protect the privacy of your information and are not allowed to use or disclose any information other than as specified in our contract.

Military and Veterans. If you are a member of the armed forces, we may release Health Information as required by military command authorities. We also may release Health Information to the appropriate foreign military authority if you are a member of a foreign military.

Workers' Compensation. We may release Health Information for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.

Public Health Risks. We may disclose Health Information for public health activities. These activities generally include disclosures to prevent or control disease, injury or disability; report births and deaths; report child abuse or neglect; report reactions to medications or problems with products; notify people of recalls of products they may be using; a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition; and the appropriate government authority if we believe a patient has been the victim of abuse, neglect or domestic violence. We will only make this disclosure if you agree or when required or authorized by law.

Health Oversight Activities. We may disclose Health Information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

Lawsuits and Disputes. If you are involved in a lawsuit or a dispute, we may disclose Health Information in response to a court or administrative order. We also may disclose Health Information in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

Inmates or Individuals in Custody. If you are an inmate of a correctional institution or under the custody of a law enforcement official, we may release Health Information to the correctional institution or law enforcement official. This release would be if necessary: (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) the safety and security of the correctional institution.

Other uses and disclosures of Protected Health Information not covered by this Notice or the laws that apply to us will be made only with your written authorization. If you do give us an authorization, you may revoke it at any time by submitting a written revocation to our Privacy Officer and we will no longer disclose Protected Health Information under the authorization. But disclosure that we made in reliance on your authorization before you revoked it will not be affected by the revocation.

YOUR RIGHTS:

You have the following rights regarding Health Information we have about you:

Right to Inspect and Copy. You have a right to inspect and copy Health Information that may be used to make decisions about your care or payment for your care. This includes medical and billing records, other than psychotherapy notes. To inspect and copy this Health Information, you must make your request, in writing, to Misti Nielsen, MA, LMFT Associate (Records Manager). We are not required to give you access directly to our records management system as that would potentially compromise the privacy of other clients. We have up to 30 days to make your Protected Health Information available to you and we may charge you a reasonable fee for the costs of copying, mailing or other supplies associated with your request. We may not charge you a fee if you need the information for a claim for benefits under the Social Security Act or any other state of federal needs-based benefit program. We may deny your request in certain limited circumstances. If we do deny your request, you have the right to have the denial reviewed by a licensed healthcare professional who was not directly involved in the denial of your request, and we will comply with the outcome of the review.

Please note that we follow the allowances made in the Texas State Law regarding record retention and records more than 7 years old may have already been destroyed.

Right to an Electronic Copy of Electronic Medical Records. If your Protected Health Information is maintained in an electronic format (known as an electronic medical record or an electronic health record), you have the right to request that an electronic copy of your record be given to you or transmitted to another individual or entity. We will make every effort to provide access to your Protected Health Information in the form or format you request within 15 days, if it is readily producible in such form or format. If

the Protected Health Information is not readily producible in the form or format you request your record will be provided in either our standard electronic format or if you do not want this form or format, a readable hard copy form. We may charge you a reasonable, cost-based fee for the labor associated with transmitting the electronic medical record.

Right to Get Notice of a Breach. You have the right to be notified upon a breach of any of your unsecured Protected Health Information. If the breach affects more than 500 people, a general notice will be made via local media and on our website.

Right to Amend. If you feel that Health Information we have is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment for as long as the information is kept by or for our office. To request an amendment, you must make your request (including the reason for the request), in writing, to Misti Nielsen, MA, LMFT Associate (Records Manager). You will receive a response within 60 days of our receipt of your request. We may deny your request, in writing, if we find that: the PHI is (a) correct and complete, (b) forbidden to be disclosed, (c) not part of our records, or (d) written by someone who is no longer associated with this company. Our denial must be in writing and must state the reasons for the denial. It must also explain your right to file a written statement objecting to the denial. If you do not file a written objection, you still have the right to ask that your request and TTTFSs denial be attached to any future disclosures of your Health Information. If we approve your request, we will make the change(s) to your Health Information. Additionally, we will tell you that the changes have been made, and will advise all others who need to know about the change(s) to your Health Information.

Right to an Accounting of Disclosures. You have the right to request a list of certain disclosures we made of Health Information for purposes other than treatment, payment and health care operations or for which you provided written authorization. To request an accounting of disclosures, you must make your request, in writing, to Misti Nielsen, MA, LMFT Associate (Records Manager). TTTFS will respond to your request for an accounting of disclosures within 60 days of receiving your request.

Right to Request Restrictions. You have the right to request a restriction or limitation on the Health Information we use or disclose for treatment, payment, or health care operations. You also have the right to request a limit on the Health Information we disclose to someone involved in your care or the payment for your care, like a family member or friend. For example, you could ask that we not share information about a particular diagnosis or treatment with your spouse. To request a restriction, you must make your request, in writing, to Misti Nielsen, MA, LMFT Associate (Records Manager). We are not required to agree to your request unless you are asking us to restrict the use and disclosure of your Protected Health Information to a health plan for payment or health care operation purposes and such information you wish to restrict pertains solely to a health care item or service for which you have paid us “out-of-pocket” in full. If we agree, we will comply with your request unless the information is needed to provide you with emergency treatment.

Out-of-Pocket-Payments. If you paid out-of-pocket in full (or in other words, you have requested that we not bill your health plan) for a specific item or service, you have the right to ask that your Protected Health Information with respect to that item or service not be disclosed to a health plan for purposes of payment or health care operations, and we will honor that request. You may choose to not use your insurance even if your insurance plan would otherwise cover the services requested.

Right to Request Confidential Communications. You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you by mail or at work. To request confidential communications, you must make your request, in writing, to your therapist and/or Misti Nielsen, MA, LMFT Associate (Records Manager). Your request must specify how or where you wish to be contacted. We will accommodate reasonable requests.

Right to a Paper Copy of This Notice. You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time. Even if you have agreed to receive this notice electronically, you are still entitled to a paper copy of this notice. You may obtain a copy of this notice at our web site, www.sarafinfamilytherapy.com. To obtain a paper copy of this notice, you may either download and print a copy from the website or you may ask your therapist for a copy. Please note that due to the location of the printer/copier, your therapist may not have a paper copy available during your session, but will make arrangements to have a copy available as soon as is reasonably possible.
